GENERAL GUIDELINES

BORDERS

Ad unit content must be clearly distinguishable from normal webpage content (i.e. ad unit must have clearly defined borders and not be confused with normal page content).

BRANDING

Advertiser's brand must be clearly articulated with a logo, landing page URL, or distinct brand name. Ad should not rotate brands or advertisers.

CLICK-THRU

Creative must open into a new browser window. The target window for the click URL must be set to “_blank”

CONTENT

All creative is subject to being audited. Ads containing the following products will likely be rejected: Adult products, age-restricted content, alcohol, casinos, firearms, ammunition, “free money,” get-rich quick schemes, gambling, prescription drugs, and tobacco products.

LANDING PAGE

Offer on ad should match offer on landing page. Landing pages must have a privacy policy on the page.

AD CALLS AND COOKIE DROPS

All 3rd party ad tags and trackers cannot have more than 100 HTTPS calls or 25 cookies drops.

SSL COMPLIANT

All creative, including all 3rd party tags and trackers and all ad responses within creative, must be SSL compliant ('HTTPS').

FLASH CREATIVE AND PIXELS

Flash creative (display and video) and flash based pixels in 3rd party creative are no longer supported.

WHITELISTING

Whitelist the following IP addresses for all geo targeted creatives to ensure creative previewing and auditing is successful.

IP Addresses: 183.82.111.212, 38.88.254.194 and 216.52.61.34

TRAFFICKING

We prefer 3rd party ad tags and accept 3rd party calls from most Ad Servers, Rich Media Vendors, and Ad Exchanges. Accepted 4th party calls are Research Products, Analytic/ Performance Partners, Brand Lift Studies, and Verification Partners.

SUBMISSION LEAD-TIME

2 business days before campaign start date.
